

# Project Travel Pulse

Tourist Emergency App

# The Problem

- Tourism has become a leading industry in every country
- For 3rd world countries tourism is one of the main sources of income
- Some tourists are not willing to visit some countries owing to the insecurity they may have to face
- This has become a major problem for developing countries
- The main aim of our project 'Travel Pulse' is to ensure the safety of the users and make their stay in the country safe and comfortable

# Target Market

Tourists  
(Users)

Police

Rescue teams  
( Fire brigade )

Government authorities  
( Tourist board )

Hospitals

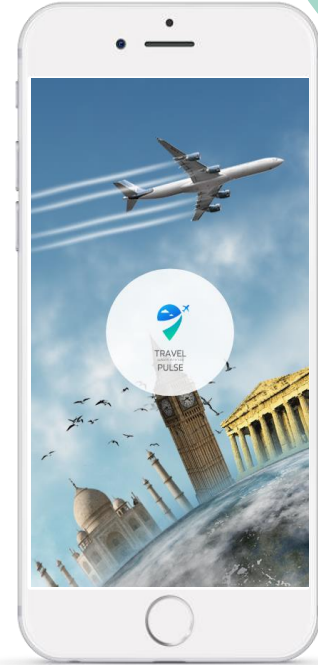

# Proposed Solution

**“Travel Always with You”**

**“A Platform where you can solve all your travel issues”**

# Proposed Solution

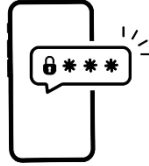

# Innovative Features
